# Build a love of reading with your child

## Reading tips for Parents

[www.uticak12.org](http://www.uticak12.org)

Read at home daily with your child. Ask questions about what you have read. Talk about the pictures. Ask them a “why do you think” question about the story.

Have books available wherever you go. Keep books handy in the car or use the Virtual Library Card and download eBooks directly to your mobile device.

Have your child help prepare the shopping list. When cooking, let your child read the recipe to you. And when traveling, ask your child to read about the destination and discover its location relative to your home.

Create a nightly reading routine. Have your child choose one or two books to read with you at bedtime. Even solid readers enjoy reading with parents. Savor the ritual and help big kids become even better readers.
